Dear Parents and Students,

To complement our study of Inventors and Inventions, we are pleased to advise you that the Grade 5/6 students will be participating in an excursion to ACMI – The Australian Centre for the Moving Image. Students will be involved with new age technology and current inventions through the ACMI Education – Lights, Camera, Action Program. In this innovative workshop, students create a show reel as an audition for Super Geek 2, a spin-off from the award winning Australian television drama series Short Cuts.

5/6C, 5/6D and ½ of 5/6K will be travelling together on Tuesday 26 November, and 5/6S, 5/6W and ½ of 5/6K will be travelling on Tuesday 3 December.

We will be travelling to and from the city by train. Students will need full school uniform, including hats and a small packed lunch. Students may like to share a bag with a friend; this can be arranged at school prior to leaving. Students will not need any valuables such as mobile phones and/or cameras and as such are asked not to bring them on the day.

The total cost for the excursion is $23.50 Please return this form by Wednesday 20th November.

These events cannot go ahead without the assistance of parent helpers. If you would like to help out please contact the parent representative for your class, we will need approximately 2 parents per grade.

Many thanks,

Melissa Costa, Amy Kopciewicz, Danniel Smith, Nikki Szwarcbard and Kate Wipfli
