Holiday Chicken Care and Parent Sustainability Committee

Dear Parents,

We will be requiring some assistance to look after Pepper over the holiday break. We are looking for families to volunteer to be part of a daily roster to let her out and lock her up.

We are also looking for parents to become part of our Parent Sustainability Committee. This would involve meeting before school from 8am-8.45am once or twice a term. The aim of this committee would be to help manage our school’s various Sustainability projects and work towards reaching our first star accreditation for the Resource Smart AussiVic program. This is a State government initiative that Glen Iris Primary has been working towards with the Boroondara Council for the past 12 months whilst participating in the Waste Smart Schools and Families program. Some of these projects include: organising new chickens and establishing an Indigenous garden.

If you are able to help or would like to join the committee, please fill out the form below and return it to the office no later than Monday 24th March.

Thank you,

Natasha Williams

(PE and Sustainability Co-ordinator)
