Wednesday, 23rd October, 2013

Dear Parents,

The Foundation children have been very busy this term investigating the topic of ‘Living Things’. They have already planted seeds and seedlings in the Prep vegetable garden and propagation boxes and have been excited to monitor the changes as these plants and seedlings grow.

As part of our investigation the Foundation children will be visiting Ferndale Park to explore the features and purpose of a park, as well as discussing what we need to do to take care of parks and gardens. We will finish our visit by eating our lunch at the park before walking back to school.

We will be walking to Ferndale Park at 11.15am on Thursday 31st October and returning at 1.00pm. Children are required to bring their lunch in a separate, clearly labelled disposable bag. They will also need their own clearly labelled drink bottle as well as their school hats and sunscreen.

We are looking for some parent helpers to walk down to the park with us. If you are able to assist us on this day, please speak to your child’s teacher.

Regards,

Shanae Hill, Claire Sutherland and Andrew Cavell
