The Enrichment Program is an innovative program facilitated by our teachers to foster talent identified during classroom activities and specialist classes.

Enrichment aims to give students the opportunity to pursue a learning activity or skill covered within the curriculum more deeply and broadly and using a higher level of thinking in a specific area.

The programs vary from 5 weeks to a full term and are held on Wednesday afternoons for a 50 minute session.

Selected Level 3 students will develop their understanding of the French language and francophone culture. Students will take part in a global simulation in which they will create a French setting and character, and will participate in role plays.

Dear Parents,

Your child .................... has been invited to participate in the Term 4 French Enrichment Program. The program is organised on Wednesdays from 2.40-3.30. If you have further queries please don’t hesitate to speak to Carolyn Garneau.

Kind regards,

Carolyn Garneau          Robyn Floyd
LOTE Coordinator         Assistant Principal
