Dear Parents

To further improve the school’s communication with families we are trialling a new system called KidConnect.

KidConnect is a mobile app solution that will allow us to communicate with you, our parents, straight to your mobile smartphone. We will be sending news, events, photos and more so that you can be even more connected with your children’s activities and events at the school. Using the KidConnect app, you can add events directly to your phone’s calendar, set reminders for things you need to do and receive important alerts as soon as they are released.

Via the app, we can send communication to specific grade levels, so you will receive information specific to your child’s grade as well as general news, events and updates that will go to everyone. This will extend our existing communications.

As the KidConnect application evolves, it aims to consolidate information not just from the school but from providers of the extra-curricular activities (eg dance class, sports clubs etc) that your children may be involved in.

We encourage you to trial this new school initiative and give us your feedback. For those without a smartphone there is also a web mobile version as well as a website version.

Please complete the form below if you wish to be part of this trial.

KidConnect will not use your email address for any other purpose except for school approved communication.

Carolyn Macaulay - Acting Principal
Peter Holmes - School Council Communications Sub-committee
