Grade Two

Living Eggs

a Chicken Hatching Program

April 17th, 2013

Dear Parents,

As part of our Level 2 Integrated Studies Unit on ‘Life Cycles – Watch It Grow’ this term, we have arranged for chicken hatching at Glen Iris Primary School between May 6th and May 17th.

During this time the children will investigate the life cycle of a chicken. An incubator and brooder will be left in each classroom to enable the children to experience and record the development of the newly hatched chicks. We can’t wait to meet our fluffy friends and watch them grow!

Note:
If your family is interested in purchasing a chick or chickens after the hatching program, please contact your class teacher.

The cost for this school visit is $11.00 and will be deducted from the excursion levy. If you have not paid the excursion levy please enclose $11.00 in a labelled envelope and hand it into your classroom teacher.

Please complete the permission form below and return it to school by Monday, May 1st.

Many thanks,

Brodee Goldman, Meagan Cofield and Emma Black

Glen Iris Primary School

Grade 2 ‘Living Eggs’ - A Chicken Hatching Program (May 6th to May 17th, 2013)

Please tick:

I have paid the school excursion levy ..... ☐

I have enclosed $11.00....................... ☐
