Secondary School options for academically gifted students

Victoria’s selective entry high schools provide an educationally enriched environment for academically gifted students.

There are four selective entry high schools for students in Years 9–12:

• The Mac.Robertson Girls’ High, Melbourne (girls only)
• Melbourne High School, South Yarra (boys only)
• Nossal High School, Berwick (co-educational)
• Suzanne Cory High School, Werribee (co-educational)

A centralised selection process is used to admit students to the four schools. Students in their second year of high school are eligible to sit a common entrance examination in order to be considered for the following school year.

For more information on the application process please see:

School Information Sessions

Information sessions are run by all four schools on the following dates:
