Dear Parents and Students,

To complement our study of Inventors and Inventions, the Grade 5/6 students will be participating in an excursion to ACMI – The Australian Centre for the Moving Image. Students will participate in the ACMI Education program, ‘Lights, Camera, Action!’ In this workshop, students will explore new-age technology and inventions involved in the filming production process.

5/6B and 5/6K will be travelling together on Monday 2\textsuperscript{nd} November. We will be departing Glen Iris Primary school at 8:45am and travelling to and from the city by train. Students should arrive at school at 8:30am. We will return to school by 3:30pm.

Students will need to wear full school uniform, including hats. They need to bring a snack, drink bottle and lunch. Students may like to share a bag with a friend; this can be arranged at school prior to leaving. Students will not need any valuables such as mobile phones and/or cameras and as such, are asked not to bring them on the day.

The workshop requires ACMI to film, photograph and make sound recordings of students. A DVD copy of the students’ work will be provided to the school and retained at ACMI for archival and promotional purposes.

The total cost for the excursion is $20.00.

We will need two parent helpers per grade to attend on the day.

Please return this form by Monday 26\textsuperscript{th} October.

Many thanks,

Ian Box, Shanae Hill, Sarah Hunting and Amy Kopciewicz
