Dear Parents of 5/6 students

This is a confirmation letter for parents wishing to attend the information sessions presented by the educators from Sex Education Australia. The expression of interest has been really positive and I am sure the information provided during this session will be highly informative and relevant.

SEA believes that parents and caregivers are vital partners in the sexuality education of their children and are committed to working together with parents to provide sensitive, age-appropriate sex education.

We encourage all families to come along. It is highly recommended that all families attend this information session to assist you when talking to your child about sex education.

Please note that this information session is for parents and caregivers only, no children.
