INSPIRATION & ENRICHMENT PROGRAM 2016
Introduction to Robotics

Dear Parent,

Your child, ....................................................., has been invited to participate in the latest
INSPIRATION & ENRICHMENT program for 2016 for Grade 3 and 4 students which will take
place at Glen Iris Primary School.

INSPIRATION & ENRICHMENT is a joint project between Glen Iris Primary School, Ashburton
Primary School and Solway Primary School, which consists of a series of short curriculum
focused programs being conducted throughout 2016. These programs have been designed to
cater for students who demonstrate a high degree of aptitude and passion for a particular area, or
areas of the curriculum.

The programs being conducted over the course of the year will vary in order to cater for students in
the Year 5/6, Year 3/4 and Prep – 2 areas of the school, as well as covering a range of curriculum
areas including English, Mathematics, The Arts, Science and Information & Communications
Technology. For each individual program being conducted, around 6-8 students from each school
will be invited to participate.

The Introduction to Robotics Program: that your child has been invited to participate in will be
held from 9.00am-12.00 noon on the morning of Friday 13th May. The workshop will involve
students from Glen Iris working alongside students from both Ashburton Primary School and
Solway Primary School to program motors using the EV3 program with Robyn Floyd who has
coached a number of teams for the First Lego League Competition.

On the morning of the workshop, participating students will be expected to arrive at Glen Iris
School Office no later than 8.55 am, wearing school uniform. Please be aware that due to road
works around our school parking is difficult. Please bring a snack and water bottle. Students can
be collected from our Office area at 12.00.

Parents should be aware that there are no costs associated with the workshop.

Please return your form to the General Office

Robyn Floyd
Assistant Principal
