Parent Helpers Session

Dear Parents/Guardians,

The Prep teachers are committed to creating effective home-school partnerships. An important component of this partnership is the involvement of classroom helpers in our classrooms. We will be holding a Classroom Helper Information Session which will enable you to learn more about what happens during our Literacy Block and how you can help. The information session will allow you to explore how children learn and how together, parents and teachers can continue to support children's development.

Following on from our Classroom Helper Information Session we will be providing you with information on being a helper during our Perceptual Motor Program (PMP). PMP is a movement based program which helps students improve their eye/hand and eye/foot coordination, fitness, balance, locomotion and eye tracking skills. As there are many types of equipment being used, each week we require at least eight parents across all Prep classes for the program to run.

On **Friday 24th March** at **9:10am – 10:30am** the Prep teachers will be running a session to teach you how to help in the classroom and during our Perceptual Motor Program (PMP). The session will be run in Prep G's classroom upstairs.

It is recommended and preferred that you attend this session in order to be a classroom helper.

Please fill in the slip below and return it to your classroom teacher by **March 10th** to let us know if you will be attending.

The Prep Team ☺

.....

Please fill out this form and return this half of the notice to your classroom teacher by March 10th.

I will be attending the Parent Helpers Session

I will **NOT** be attending the Parent Helpers Session
