

WHAT'S BEEN HAPPENING

Hello everyone!

It's so nice to see more and more smiling faces attend our service!

On Tuesday and Thursday last week, we ran games for all the year levels in the school. Kids that don't usually attend TeamKids got a glimpse of all the fun we have here at the service!

The kids have loved travelling all over the world on Wednesday's. Each week we travel to a different country and learn all about it! We have fun activities afterwards tailored to that country, sometimes we even have yummy food to try from that country.

We have been working hard on making out Harry Potter Gingerbread Hogsmeade Village. The kids have made all the dough from scratch and now are in the process of putting it all together! We have also been having so much fun getting all our Harry Potter party decorations together. The kids have loved making the characters out of the Hama beads!

Cheers,
Maria
